

STARTUP INTERN FAIR

March 16 - March 18

IIIT Allahabad

IIIT ALLAHABAD

IIIT Allahabad is a premier institution established by the Government of India founded in 1999. Being an institute of national importance, IIIT Allahabad maintains **an unparalleled dominance in the coding** and developing arena all around the nation. IIIT Allahabad has been accorded with the tag of **Institute of National Importance** by the Government.

Aparoksha is the annual technical fest of IIIT Allahabad, usually held during March. Started in 2015, Aparoksha has made an exponential growth in a very short span of time. Over the years, Aparoksha has also attracted considerable media attention and numerous well-known sponsors and attracts a footfall of **over 15000 candidates from over 130 colleges spread across the Indian subcontinent.**

STARTUP INTERN FAIR

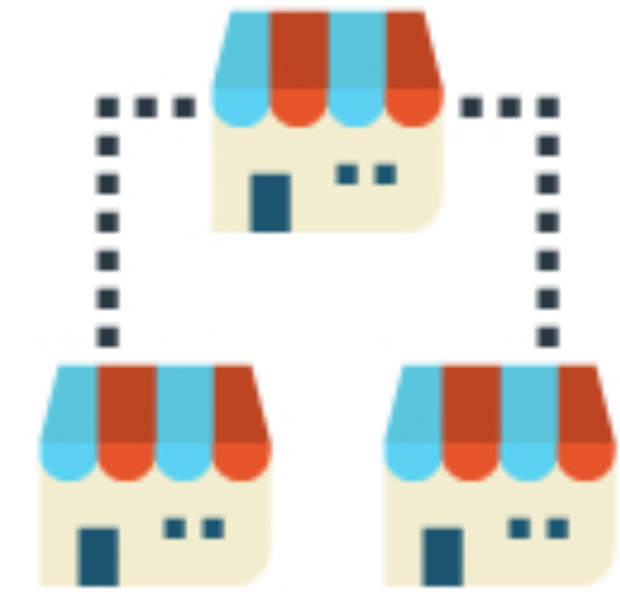

StartUp Intern Fair is a flagship event held during Aparoksha. We at IIITA promote the culture of StartUps and wish to expand our horizons by making you a part of this grand family. **We ourselves house some prominent startups and wish to inculcate the startup culture in the budding technocrats of the nation.** SIF's 2018 edition will be held from **16th-18th March** during Aparoksha.

SIF provides a hassle-free and an aggregated hiring process alongside giving you a chance to unleash your ideas and innovation amidst the students.

STARTUP CULTURE AT IIITA - IIIC

IIITA is destined to produce employers rather employees and to widen the startup base in the institute, **a dedicated Incubation Centre** has been set up. The incubation centre provides an eco-system that helps to foster the culture of innovation and also provide all support to prospective incubates in setting up their business at various levels. monetary assistance apart from being able to hire from highly skilled college students are some of the best offerings of IIIC.

FOR THE STARTUPS

- It's a great opportunity for startups to **hire best talents not just from IIIT Allahabad** but also from other top institutes of national importance across North India like **IIT BHU, IIT Kanpur, MNNIT Allahabad** etc.
- Startups will get the opportunity to hire skilled interns from **various streams and colleges, technical and non-technical both alike.**
- Before the commencement of the interview sessions, **a pitching session** is held, in which you'll get a chance to pitch about your startup, internship profiles and requirements for them.
- Your **startup would be shown on the official website** of the startup internship fair that is equipped with massive outreach amongst the students.

THE STUDENT POOL

Top 0.1% Students

In addition to IIITA, Institutes like IIT Kanpur, MNNIT Allahabad, IIT BHU etc. will be participating in the Fest and will be **available to hire as interns**. Admissions in these colleges require intensive testing and students lying in the **top 0.1%** on an approximation can only make it into them, giving you an access to hire the best minds in the entire nation all at same spot and without any constraints of stream or year.

Top Ranked College on Online Judges

IIIT Allahabad is ranked 1, in the entire nation in the college rankings of online coding platforms like SPOJ and visible dominance on coding platforms like CodeChef, TopCoder, Hackerearth are some of the indicators of the intellect of the students that the college produces.

Acing every domain

Carrying the legacy of Harsha Suryanaraya, a.k.a., HumbleFool, the IIITA students master the art of **competitive coding, development** and many other technical skills. **The students also excel in non-technical activities like content writing, media marketing, photography** and a lot more. The skills possessed by the students are enhanced with the prevailing Cultural societies and Geekhaven, the technical society of IIITA.
